

PRASURAM KUMAR PARIT

Angular Developer | Frontend Developer | MEAN Stack Developer

📞 +91 90972 81002 ✉️ prasuramkumar05@gmail.com 🌐 LinkedIn

Professional Summary

Frontend Developer with 4+ years of experience specializing in Angular and MEAN stack. Proven expertise in building scalable B2B, B2C, and Admin platforms from scratch. Strong experience in payment integrations, refund systems, API integration, and performance optimization with a focus on delivering high-quality user experiences.

Education

Aryabhatta Knowledge University

Bachelor of Technology in Computer Science and Engineering

Sep 2015 – Jun 2019

Patna, Bihar

Experience

Zetexa Global Pvt Ltd

Member of Technical Staff

Sep 2024 – Present

Bengaluru, India

- Designed and developed a complete B2B Partner Portal from scratch using Angular, enabling end-to-end business operations.
- Built modules including Dashboard, SIM ordering (eSIM/pSIM/MVNO), Add-ons, Customer and Agent Management with role-based access control.
- Implemented full order lifecycle including order creation, top-up orders, refund history, refund processing, QR code generation, and order summary.
- Developed SIM inventory management system with real-time tracking and stock handling.
- Implemented wallet management system with payment integrations (Razorpay, Stripe, UPI, Bank Transfer).
- Built reporting and analytics modules for monitoring business performance.
- Developed dynamic and configurable Admin Portal to manage all platform features and business rules.
- Enhanced refund management system with multi-service selection, bulk actions, and audit tracking.
- Optimized UI performance using lazy loading and improved rendering efficiency.
- Integrated APIs for reseller configuration, branding, and dynamic domain-based data handling.
- Designed SEO-friendly dynamic URLs to improve accessibility and search visibility.
- Contributed to scaling the platform from zero to generating over 1M+ revenue.

Buymore Infotech Pvt Ltd

Senior UI/UX Developer

Jul 2022 – Nov 2023

Bengaluru, India

- Designed and developed responsive UI using Angular and modern frontend technologies.
- Collaborated with cross-functional teams to deliver intuitive and user-friendly interfaces.
- Conducted usability improvements and optimized UI performance.
- Integrated APIs for dynamic, data-driven applications.

Test Yantra Software Solutions Pvt Ltd

Associate Software Engineer

Aug 2021 – Jul 2022

Bengaluru, India

- Developed applications using MEAN stack (MongoDB, Express.js, Angular, Node.js).
- Built REST APIs and integrated frontend with backend services.
- Developed dynamic Angular UI and optimized application performance.

Projects

B2B Partner Portal

- Designed and developed a full-scale B2B platform from scratch for SIM ordering, payments, and service management.
- Implemented modules including dashboard, order lifecycle, refunds, QR generation, and reporting systems.
- Built role-based access control for agents and customers with dynamic permissions.
- Integrated multiple payment gateways (Razorpay, Stripe, UPI) and wallet management system.

Admin Portal

- Developed a configurable admin system to manage users, orders, inventory, and platform settings.
- Enabled dynamic feature control and business rule configuration without code changes.
- Integrated APIs for real-time monitoring, reporting, and operational workflows.
- Implemented role-based admin access and secure data handling.

B2C Platform

- Developed customer-facing platform for service booking, SIM purchase, and add-on selection.
- Implemented responsive UI for seamless experience across devices.
- Integrated APIs for real-time data display and booking workflows.
- Optimized performance and improved user experience through UI enhancements.

E-commerce Platform

- Built scalable frontend using Angular with secure payment integration.
- Implemented product listing, cart, and checkout modules.
- Optimized page load speed and SEO-friendly routing.
- Enhanced user experience with responsive and intuitive UI design.

Technical Skills

Frontend: Angular, TypeScript, JavaScript, HTML, CSS, Bootstrap

Backend: Node.js, Express.js

Concepts: RxJS, REST APIs, Lazy Loading, Reactive Forms, Performance Optimization

Key Achievements

- Certified in Angular (2+) from Cutshort.
- Certificate in Web Development from TCS iON.
- Certificate in Cloud Computing from AWS.
- Certificate in Web Development at IIT Kanpur.
